

WÄRTSILÄ CORPORATION

ANNUAL GENERAL MEETING 11 MARCH 2009

OLE JOHANSSON
REVIEW BY THE PRESIDENT & CEO

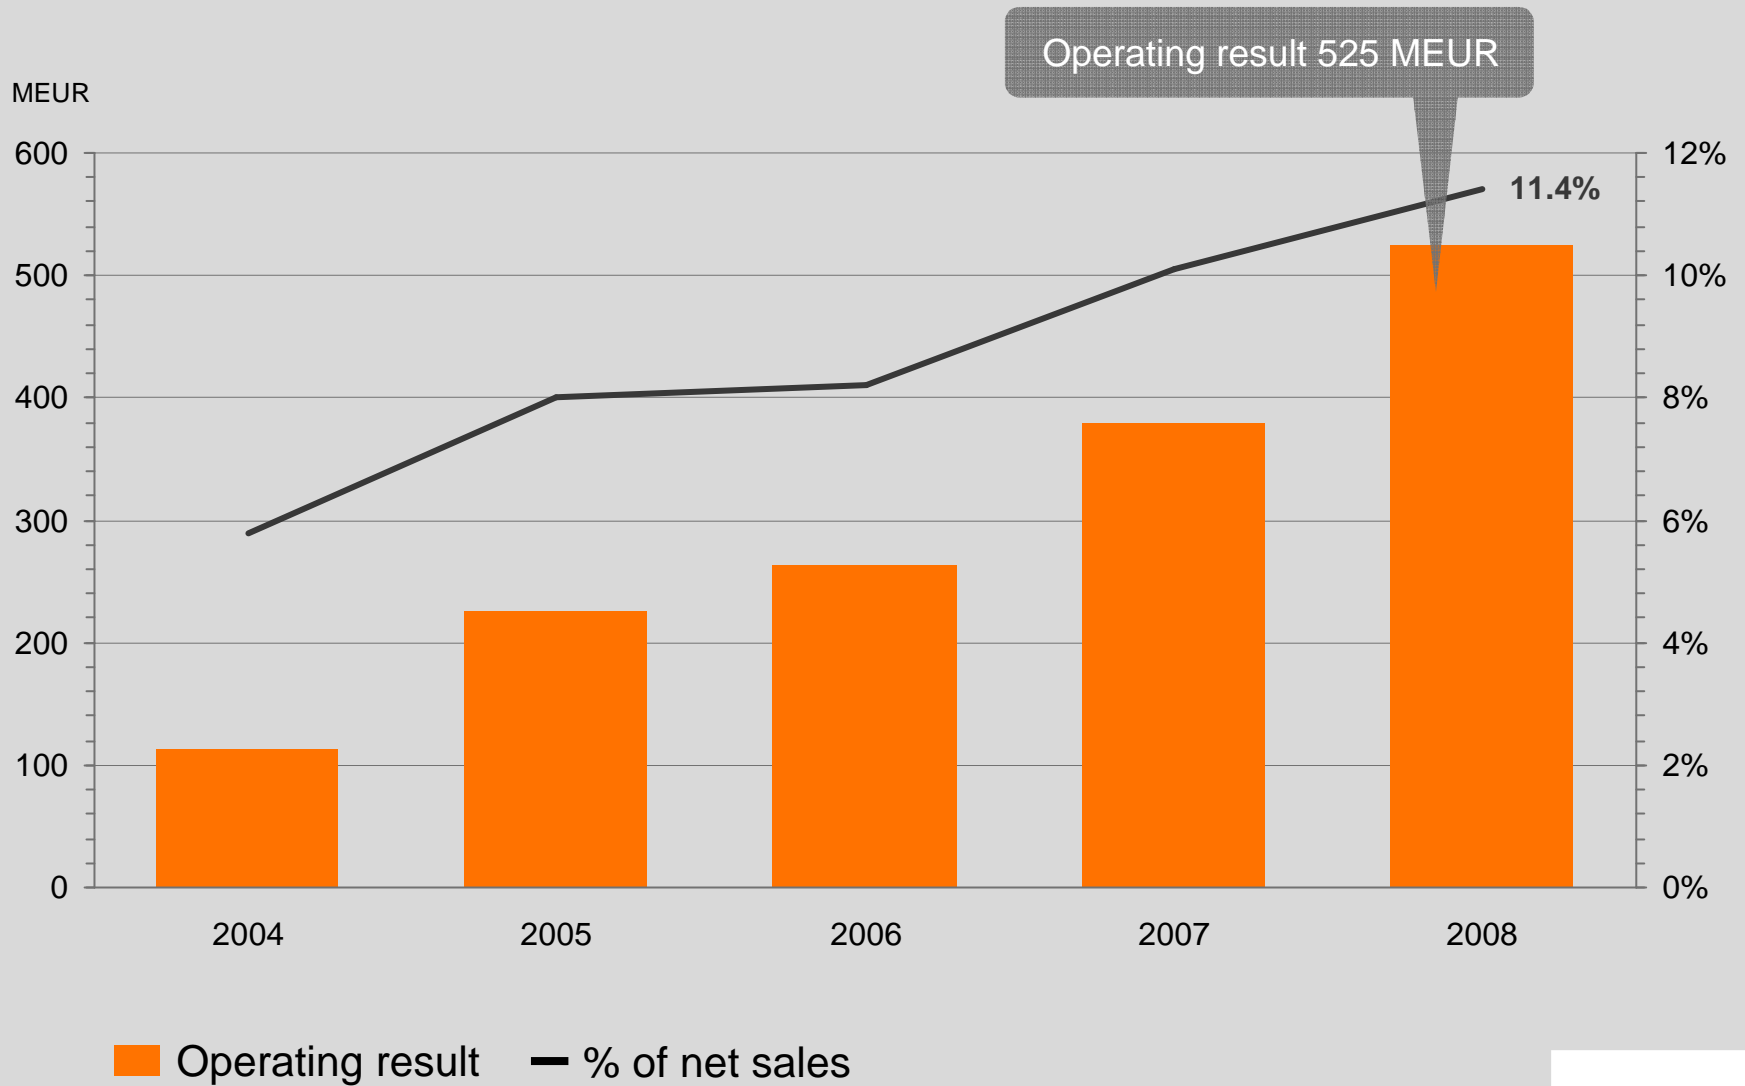

Five years of growth

● New orders

● Net sales

Profitability has also developed favourably

Wärtsilä today

- Extended and modern production machinery
- Strong position in East Asia
- Recognised power plant supplier
- Added value created by Ship Design
- Valued service supplier
- Technology leader
- Desired employer

We are preparing for more difficult times

Vessel orders
down - for a
longer period

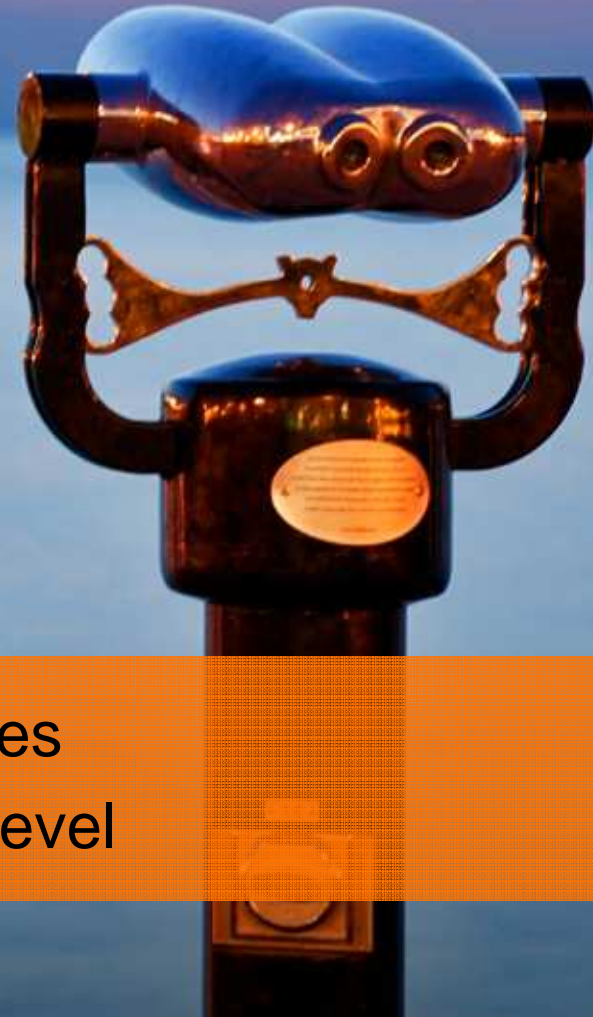

Stable demand
on power plant
markets

Good order book

Worldwide service
network

Strong research &
development

Control of working
capital

- 10-20 percent growth in net sales
- Profitability at last year's good level
