Solvency

Gearing

- **Power Plants:** The power generation market is expected to remain active in 2012.
- **Ship Power:** Robust contracting activity is expected for the offshore, gas carrier, and other specialised vessel markets. Full year vessel contracting expected to be lower than in 2011.
- **Services:** The outlook for the overall service market is stable despite the continued uncertainty in the global economy.

”

Wärtsilä expects its net sales for 2012 to grow by 10-15% (previously 5-10%) and its operational profitability (EBIT% before non-recurring items) to be 10.5-11% (previously 10-11%).
