WÄRTSILÄ E-MAIL ADDRESSES FOR PURCHASE INVOICES SENT BY E-MAIL TO WSSC OPERATIONS VAASA

Wärtsilä prefers e-invoices in the countries where it's in use and pdf-invoices in other countries. More information can be found in our [website](#).

Wärtsilä Shared Service Center has created e-mail addresses for purchase invoices per company codes in order to receive invoices promptly. Invoices sent to these email addresses will be inserted automatically into our purchase invoice handling tool. Thus please follow the below rules for best process:

- The purchase invoices sent have to be in PDF format.
- Only one invoice per PDF attachment.
- Ensure you are using the latest PDF-version available for the attachments.

Note! Please do not send the original paper invoice by post if you have sent the invoice by e-mail!

Remember to follow Wärtsilä's requirements for purchase invoices, which can be found in our [website](#).

We thank you for your co-operation.

Best Regards
Wärtsilä Shared Service Center
