E-invoices

Our e-invoice operators are TietoEvry, Pagero Oy and Basware. PEPPOL format is supported.
You should start using the new E-invoice address **on 16th of November 2026**.

PDF invoices

Our new email provider is Basware. The invoicing channel for .pdf files is "...@pdf.basware.com".
Our previous .pdf email address for receiving purchase invoices for mentioned Wärtsilä entities will be closed for receiving purchase invoices.

Please send the purchase invoices only once and through one channel directly to Wärtsilä's e-invoice or PDF address.

Should you have any questions or require further assistance regarding your purchase invoices, please reach out to our Accounts Payable department through your already known email address (WSSCAccountsPayable...@wartsila.com).

Thank you for your attention to this matter and for **updating your records** to match the new e-invoicing addresses and pdf. file scanning email addresses.

You should receive the same information from your designated Category Manager.

Best regards,
Wärtsilä Global Business Services
