

WÄRTSILÄ GUARANTEED ASSET PERFORMANCE

WÄRTSILÄ LIFECYCLE SOLUTIONS

Guaranteed asset performance
Optimised operations
Optimised maintenance

1. A ship owner's day is full of questions...

- ? How can I utilise existing data to optimise the performance of my fleet?
- ? How do I ensure the uptime of my fleet?
- ? What are my operational costs during the vessel's lifetime?
- ? How do I improve my business?
- ? How do I ensure the efficiency of my operations?
- ? How can I ensure my fleet stays competitive?

WÄRTSILÄ
EXPERTISE
CENTRE

2. ...which are addressed by Wärtsilä's experts...

Connectivity is established and data collected...

...through digital products. What we can measure, we can guarantee.

Our experts analyse the data...

...and take preventive and predictive actions to achieve the performance targets.

We support your daily operations...

... with our dedicated experts in several expertise centres globally as well as the global Wärtsilä organisation.

We maintain and improve your performance...

...by creating a dynamic plan for continuous optimisation and improvement of your fleet.

Improving performance during the vessel's lifetime.

3.

...resulting in the guaranteed performance of your fleet.
